

1/2" PQAS Manual Razor Holder

Product Categories: [Razor Cut Holders](#)

Product Page: <https://www.dienesusa.com/products/razor-cut-holders/pqas-1-2-in-manual-razor-holder/>

Product Summary

The Dienes PQAS manual razor holder provides the user with many features. The advantages are that razor blades may be replaced on a bench in a safe environment as opposed to handling razor blades at the machine. A replacement slide can be inserted making blade changes only seconds to accomplish. The razor can be inserted in 2 directions making the slitting action possible from either the front or back of the holder. This manual holder also has a retracted detent position which secures the blade inside the holder for operator safety during removal from the dovetail bar.

Product Attributes

- Item #: P2190-0001
- Includes: Complete Assembly (body, slide, razor)
