

## Dienes Knife Sharpening

In 1976, Dienes USA began paper and converting industry knife manufacturing and re-sharpening services in Spencer, MA . Since then, our precision factory has contributed to the 10 million total knives manufactured by the Dienes Group since 1913.

Today, Dienes USA re-sharpens a full range of paper and converting knives. Our technicians remain ready to support your slitting production activities.

### Dienes Re-sharpening Program Includes:

- 7 Day turn-around • Blade life evaluation
- Custom shipping containers • Bar code tracking
- Automatic knife replacement
- Free local pick-up and delivery service
