

# PQA-STYLE CRUSH CUT

**DIENES takes pride in leading the market with quality products. The PQAS 1/2" Crush Cut Holder for example, is one of the many products that other companies can't compete with because there is no match for DIENES quality.**

Designed to fit numerous crush cutting applications, the PQA crush cut holder family includes, but is not limited to...

- | PQA 6mm (0.236") slit widths.
- | PQA-MC-2 with 135 lbs of cutting force.
- | PQA-DF-50 with speeds to 4,000 fpm.
- | PQA 3/8" with optional heated blade for adhesive slitting.
- | PQA 1/2" with adjustable knife depth, razor blade adapter or with oil wick option.
